Reviews

This is basically the very best book we have go through until now. I have got read and i also am confident that i am going to gonna study once again again in the future. I am just very happy to inform you that this is basically the very best ebook we have read inside my own life and might be he very best publication for at any time.

Saunders, 2010. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Master the content from your textbook with this helpful study tool! Corresponding to the chapters in Illustrated Dental Embryology, Histology, and Anatomy , 3rd Edition , this workbook helps you understand and apply material with case studies, labeling exercises, helpful guidelines, and more. It includes 32 removable flashcards for quick, convenient review and study, and prepares you for the National Board Dental Hygiene Examination (NBDHE) with its case-based focus. A logical organization allows you to focus on those areas in which you need more practice, with units on: (1) labeling, (2) terminology, (3) tooth structure, and (4) case-based application. Detailed case studies include radiographs, clinical photos, profiles, complaints, health histories, intraoral examination data, and multiple-choice questions, promoting critical thinking and providing preparation for board examinations. Labeling exercises provide unlabeled images from the textbook to allow you to identify the different structures. 32 detachable flashcards help you master tooth morphology and tooth numbering. Clear line drawings of the permanent anterior and posterior teeth include the five views of the tooth (labial, lingual, mesial, distal, and incisal) on the front and a tooth description on the back. Guidelines for Tooth Drawing include detailed instructions, tips, and dimensions for drawing each permanent tooth. Infection Control for Extracted Teeth presents guidelines in an easy-to-follow numbered list, providing the proper procedures for the collection and inspection of extracted teeth. Occlusal Evaluation shows how to perform an occlusal evaluation using the necessary equipment and steps. Glossary exercises include crossword puzzles and word searches for practice and review of key terminology. Three-hole-punched and perforated pages are easy to fit into a binder, and pages can be removed and turned into instructors for assignments or extra credit. New case studies are added,...
