This is an autobiography of PC Stephen Challis and details his service in the Hampshire Constabulary of the United Kingdom at the end of the 20th Century. This was a time of great challenges in the UK. The Falklands War and The Miners strike both had a great impact on British society. Steve served in several cities and divisions from 1974 to 1995. He served as a Rural cycle beat officer and a foot and panda driver. He served his full 21 years as a Constable. The work was interesting, varied, humorous sometimes dangerous. Just an Ordinary Copper is just that, a story of an ordinary police officer. The author now lives in the USA and runs a shooting school in Kentucky. He has written 4 other books on firearms but this is his first dealing with his former occupation. This item ships from La Vergne, TN. Paperback.
