John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, Integrative Healing: Merging with Modern Medicine, Lorinda Weatherall, Integrative Healing is a term used when referring to the merging of Complementary or Alternative Medicine (CAM) and Modern Medicine. The consumer benefits from taking the best of both health worlds and using those talents to have optimal health. Integrative Healing: Merging with Modern Medicine explains in common language to practitioners what Modern Medicine is looking for - from us - when we engage as a member of the healthcare team. Many CAM practitioners feel and know that their chosen healing path or scope of practice can assist their clients. It is out of this act of compassion that they want to share their skills within the modern medical community. It is a way to re-insert human-ness back into our computerized and technical medical care systems.
