Worship in the Bible presents a unique look into the worship lives of people throughout the Old and New Testaments. Beginning with worship at creation and continuing to worship around the throne, this guide provides you with a chance to observe and learn from actual worship events. The study focuses on the responses of people to the power and majesty of the living God. They celebrated as they saw God working in the world around them and in the challenges they faced in their own lives. You will learn by observing people as they respond through songs, poems, prayers, times of exaltation, and positions of submission. Working on your own or in a small group, through these 14 studies you will be encouraged to consider how you can express your joy and gratitude to our loving God.
