Reviews

Certainly, this is actually the best job by any article writer. It can be loaded with knowledge and wisdom I realized this pdf from my i and dad advised this book to discover.

(Ms. Verlie Goyette)

CLINICAL RESEARCH 2015: CASE STUDIES OF SUCCESSES AND FAILURES

Springer-Verlag New York Inc., United States, 2015. Paperback. Book Condition: New. 2015 ed.. 235 x 155 mm. Language: English . Brand New Book. This book provides insights into how to be a productive clinical researcher via real-life case examples of successful clinical research -- and also clinical research gone awry. Through these examples of success and failure, the book develops a blueprint for building a career in clinical research. Future medical practice depends on the quality of the clinical trials to which drugs, devices, and treatment procedures are subjected today. However, clinical trials are not easy to do, and many physicians and health care providers who attempt clinical research struggle in this endeavor, primarily because of lack of instruction. Clinical Research aims to fill the gap between training and research through case studies of a long-time clinical researcher s rich and varied experiences.
