Reviews

A fresh eBook with a brand new standpoint. It can be rally exciting throgh looking at period of time. I am delighted to inform you that this is the greatest book i have read through during my individual existence and may be he very best publication for ever.
(Era Thompson)

ON EPIDEMICS: SPIRITUAL PERSPECTIVES

Rudolf Steiner Press. 1 Paperback(s), 2011. soft. Book Condition: New. "If we can bring nothing up out of ourselves except fear of the illnesses which surround us at the seat of an epidemic, and if we go to sleep at night filled with nothing but thoughts of this fear," wrote Rudolf Steiner, "then we create unconscious replicas, imaginations, which are drenched in fear. And this is an excellent method for nurturing bacteria." The founder of the spiritual philosophy he dubbed anthroposophy meaning "wisdom of the human being" as well as the originator of Waldorf schools, biodynamic farming, and other influential institutions and ideas, Austrian philosopher Rudolf Steiner (1861-1925) wrote some 30 books and delivered thousands of lectures across Europe. The extracts in this volume, based on brief, pithy quotations from Steiner's collected works, present his core concepts on epidemics of thought as well as disease; rather than full discussions, they are intended to open up avenues into the complexity of Steiner's extraordinary world of ideas. 66.
