Reviews

Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.

This study examines the lives and politics of a distinguished group of Chicana women who have risen to positions of power. The authors profile women who serve in various public capacities: federal judges, candidates for Lieutenant Governor, a statewide chair of a political party, and members of school boards and city and county governments. The diverse careers of these women offer rare glimpses of the kinds of struggles they face, both as women and as members of the Chicano community. *Chicanas in Charge* will be of great value to those interested in gender studies, political science, local government, public policy, oral history, biography, and Chicano studies. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
