CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 442 pages. Dimensions: 9.0in. x 6.0in. x 1.1in.Curious about surveillance Wondering about the security of your computerThese are just a couple of starting points. The author, with decades of experience in the field, takes us on a journey through the digital landscape. Exhaustively researched, with hundreds of links, its nevertheless written in an informal and entertaining style. Do you know the difference between a web browser and the internet Thats about all youll need, to start. When youre done with this book, youll know more than most IT (information technology) professionals do about digital security. Youll be able to analyze the claims made by tech bloggers and those who flog their own products. Youll know much, much more about the risks to your privacy and anonymity--and why theyre both so important--in todays fast-moving world. Then, at the end, the author tells how he once went to jail for trying to help protect thousands of college students (including himself). Its a chilling reminder of just how easily spin can replace substance. And yet, its a funny story. Come on in and give this book a try. Youll be glad you did.
